---

EDUCATION

Yrkeshögskola - Futuregames in Boden   **2023 SEP– 2025 DEC**

I am studying gameplay programming at Futuregames which includes 550 YH points.
Courses include Data Structures, Algorithms, Server development etc.

Gymnasium - Tornedalssklan in Haparanda   **2020 SEP – 2023 JUN**

I have studied Information Technology and then I found my passion for developing software.

EXPERIENCE/PROJECTS

E-commerce Website (MERN Stack)   **2025**

Developed a full-stack E-Commerce website similar to itch.io or Epicgames. Users are able to register/ login, browse applications pages, rate them, review them and simulate app purchases (no real transactions). Implemented authentication, role based access control and shopping cart functionality.

4 Video game projects   **2023 – 2025**

Developed 4 video games during 18 weeks. These projects were made in groups of Artists, Designers, Programmers, QA Testers. Each project had between 11 to 17 members. For more detail take a look at my portfolio.

SKILLS

- C++, C#, Javascript
- HTML, CSS, REACT
